VALUABLE RESOURCES FOR AMBULATORY CARE ORGANIZATIONS

**PUBLICATIONS**

**Comprehensive Accreditation Manual for Ambulatory Care (CAMAC)**
This manual provides the key information your health care organization needs to achieve and maintain continuous standards compliance and experience operational improvement.

**CAMAC Subscription Update Service**
Subscribe to the update service to keep your hard copy CAMAC up to date throughout the year.

**Standards for Ambulatory Care**
This book makes a perfect reference guide—handy in meetings, for orientation and training, and as a practical overview of The Joint Commission’s accreditation requirements.

**Mock Tracers for Ambulatory Care**
Learn how to use mock (practice) tracers to identify unrecognized standards compliance and patient safety issues and implement changes as part of an ongoing improvement process—before your survey takes place.

**Addressing Top Compliance Issues in Ambulatory Care**
This eBook will help you meet The Joint Commission’s most challenging standards by providing valuable articles and useful tips.

**Toolkit for New Accreditation Professionals**
This e-toolkit provides “need-to-know” accreditation and compliance information for beginners.

**The Joint Commission Big Book of Checklists**
Customizable checklists will help you assess risks, make decisions, gather information, and evaluate policies and partners, as well as conduct procedures more safely and consistently.

**Ambulatory Care Conference — Chicago (Rosemont) on October 18-19, 2017**
Q & A segments, interactive exercises, and key insights are provided to give you effective, safe patient care strategies and keep you abreast of accreditation updates coming in 2017.

**SOFTWARE**

**Tracers with AMP™**
This cost-effective tool provides a mechanism to jump start or revive your tracer program, reinvent your patient safety activities, automate your PI process, and print reports for senior leaders and frontline staff.

**E-dition®**
Get fast web-based access to searchable Joint Commission standards manuals for all settings.

**WEBINARS**

**2017 Ambulatory Breakfast Briefings**
This 10-part webinar series will discuss updates and challenges for 2017, what’s changed and why, and explore strategies to maintain compliance.

**Ambulatory Hot Topics**
This new, must-see four-part series will address the hottest topics and new challenges facing the increasingly complex world of ambulatory care today, including environment of care, infection control and medication management issues. Additional details coming soon at www.jcrinc.com.
